

Abstract**Floor cleaning and/or care composition**

Aqueous floor cleaning and/or care composition, containing, based on the total composition, at least 3% by weight of a nonionic surfactant of formula I:

wherein R¹ represents hydrogen or an alkyl radical having 1 to 18 C atoms, and R², independently of R¹, represents hydrogen or an alkyl radical having 1 to 18 C atoms, and the sum of the C atoms present overall in R¹ and R² is between 6 and 18, and R³ represents an alkyl radical having 4 to 18 C atoms, and R⁴ hydrogen or an alkyl radical having 1 to 6 C atoms and n is a number from 1 to 30 and m a number from 0 to 5.
